

**SO PEAK OIL
IS A THING
OF THE PAST?????**

THE WORLD

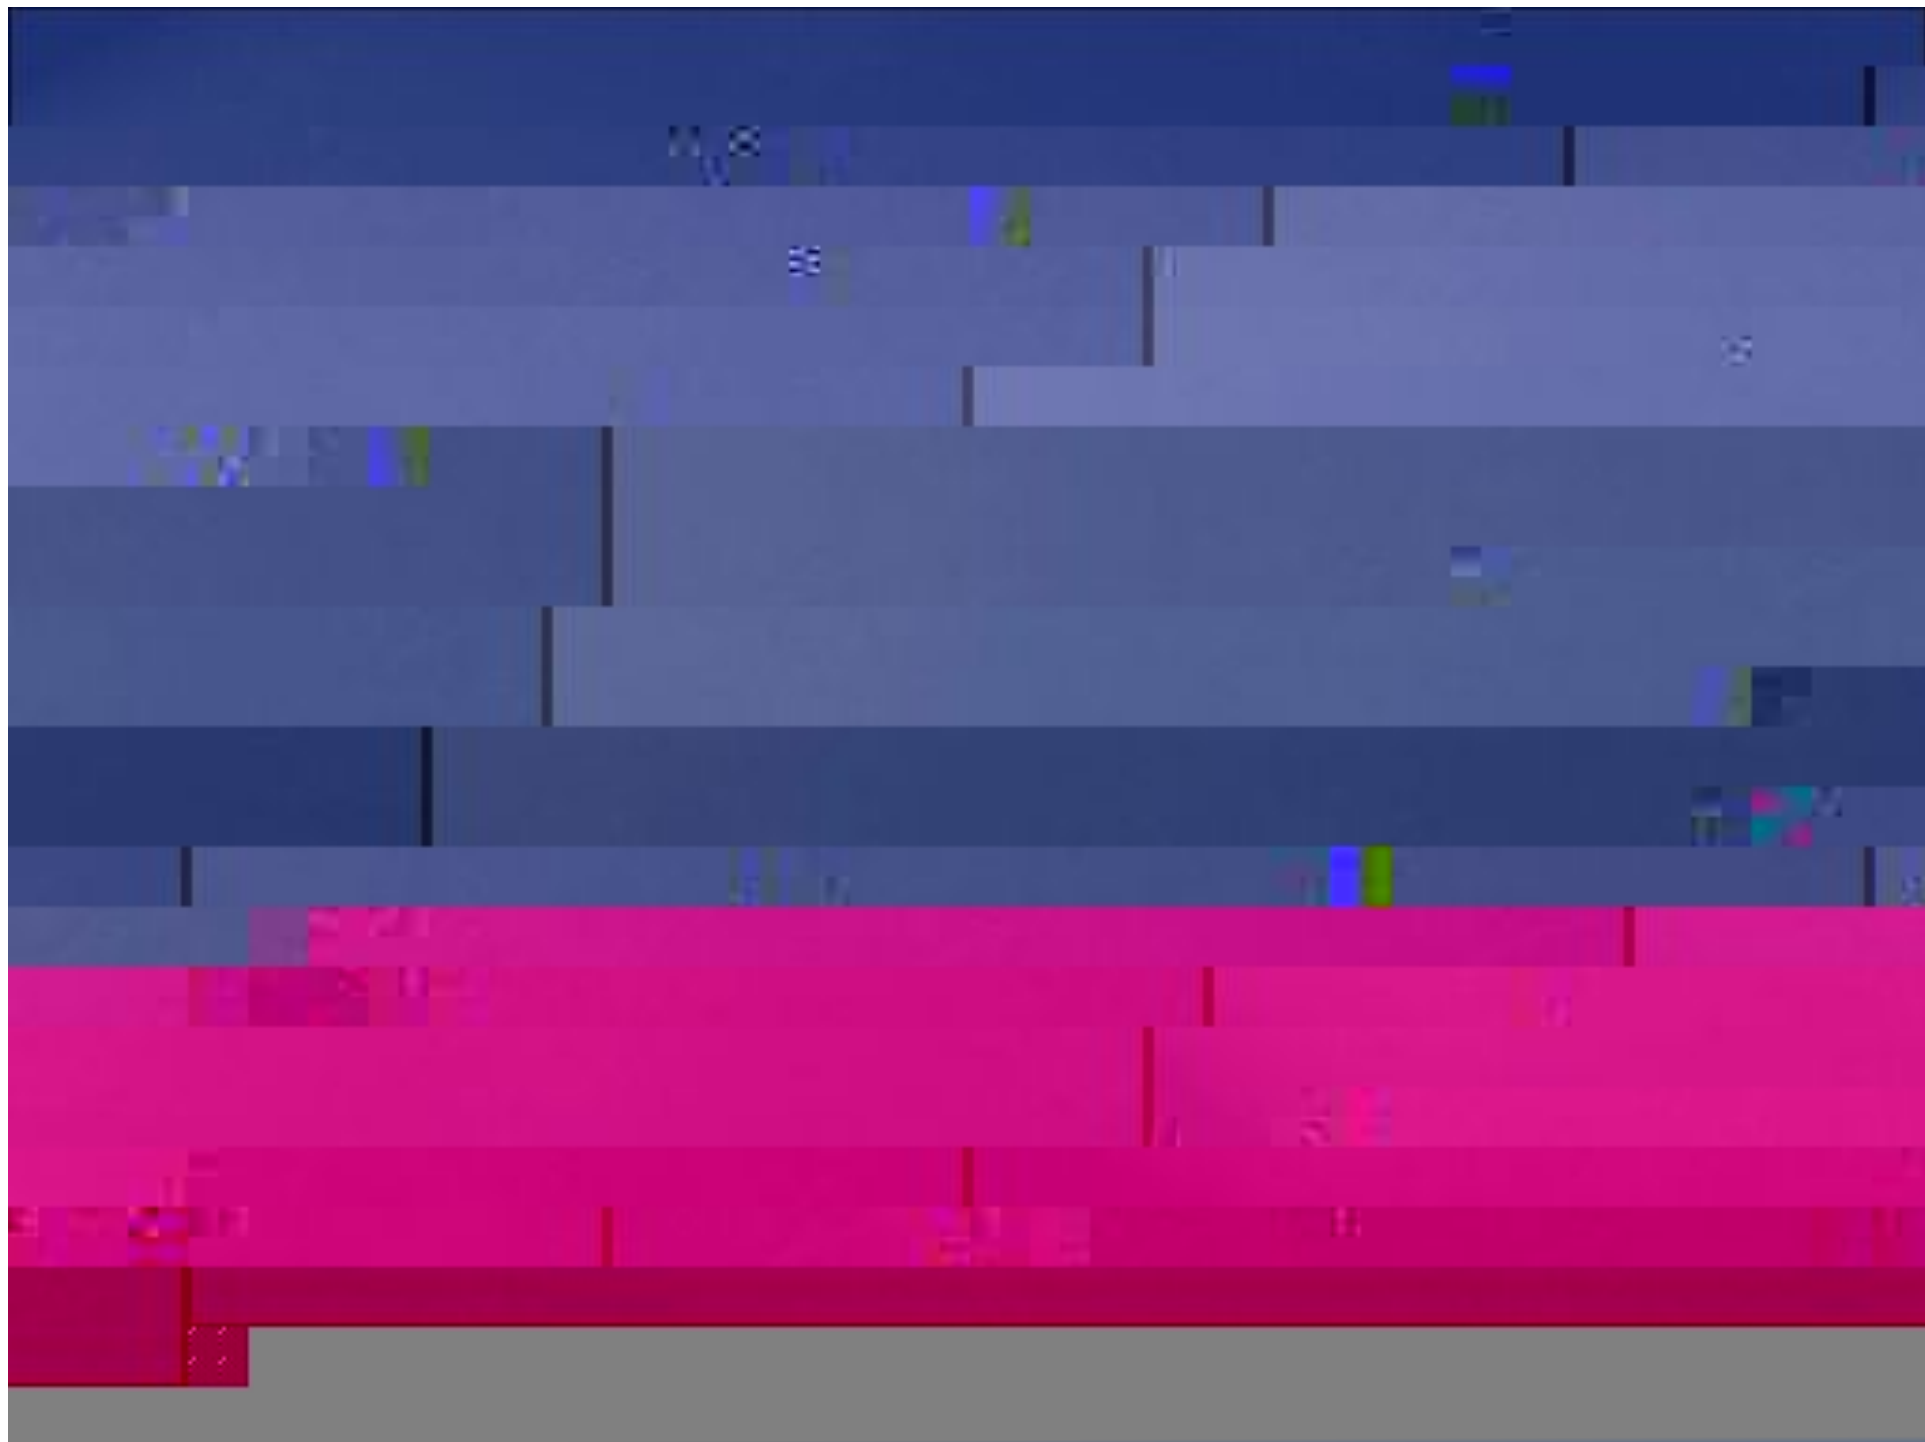

OFT25 SC P Q 14

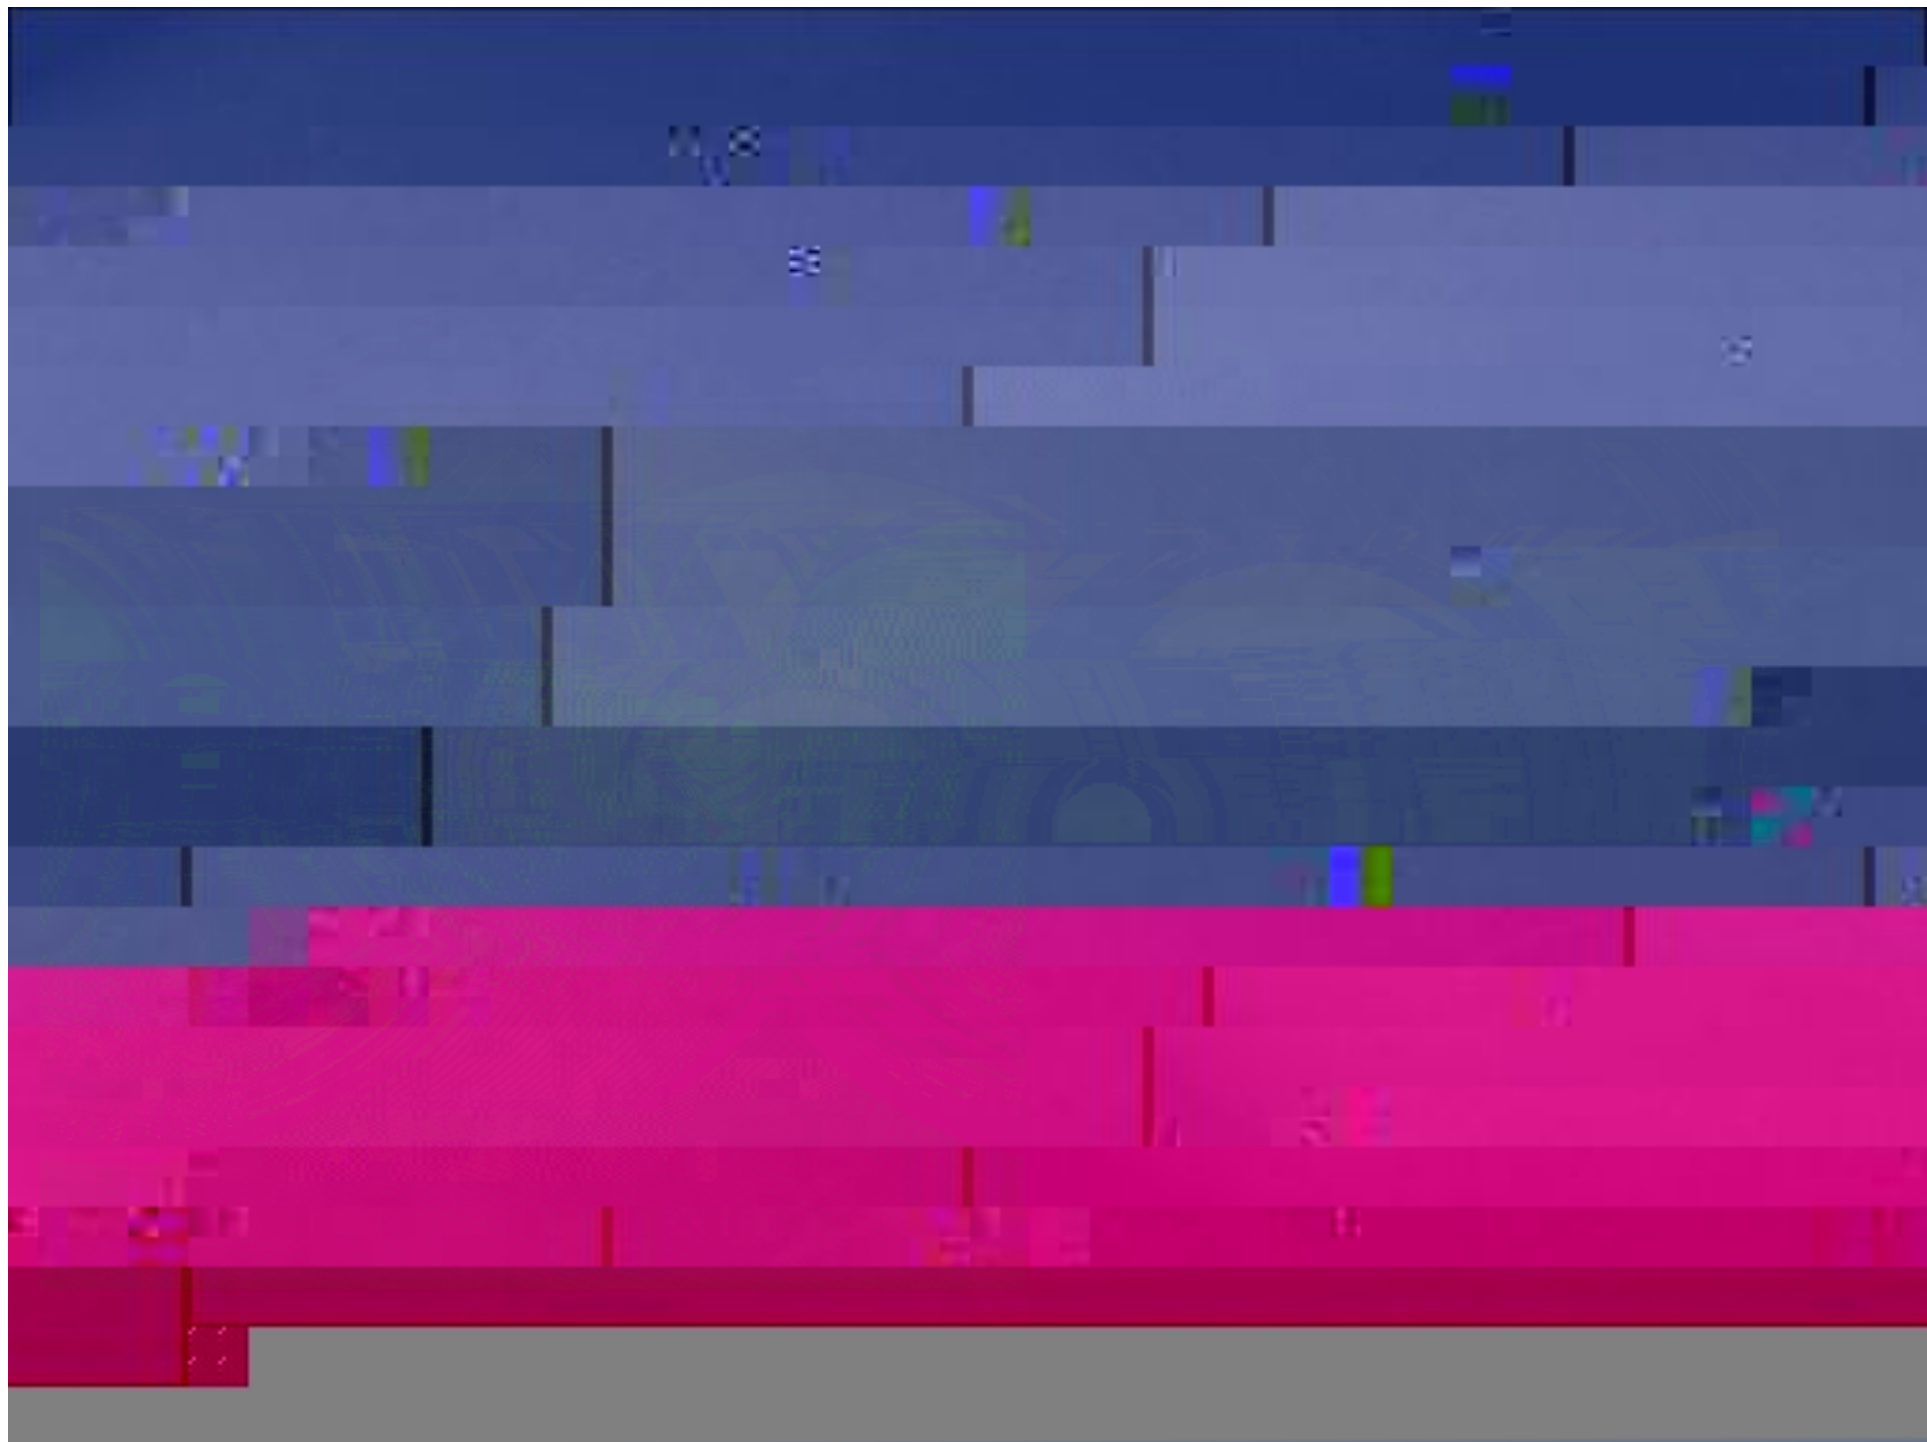

BP says US still imports 35% in 2030

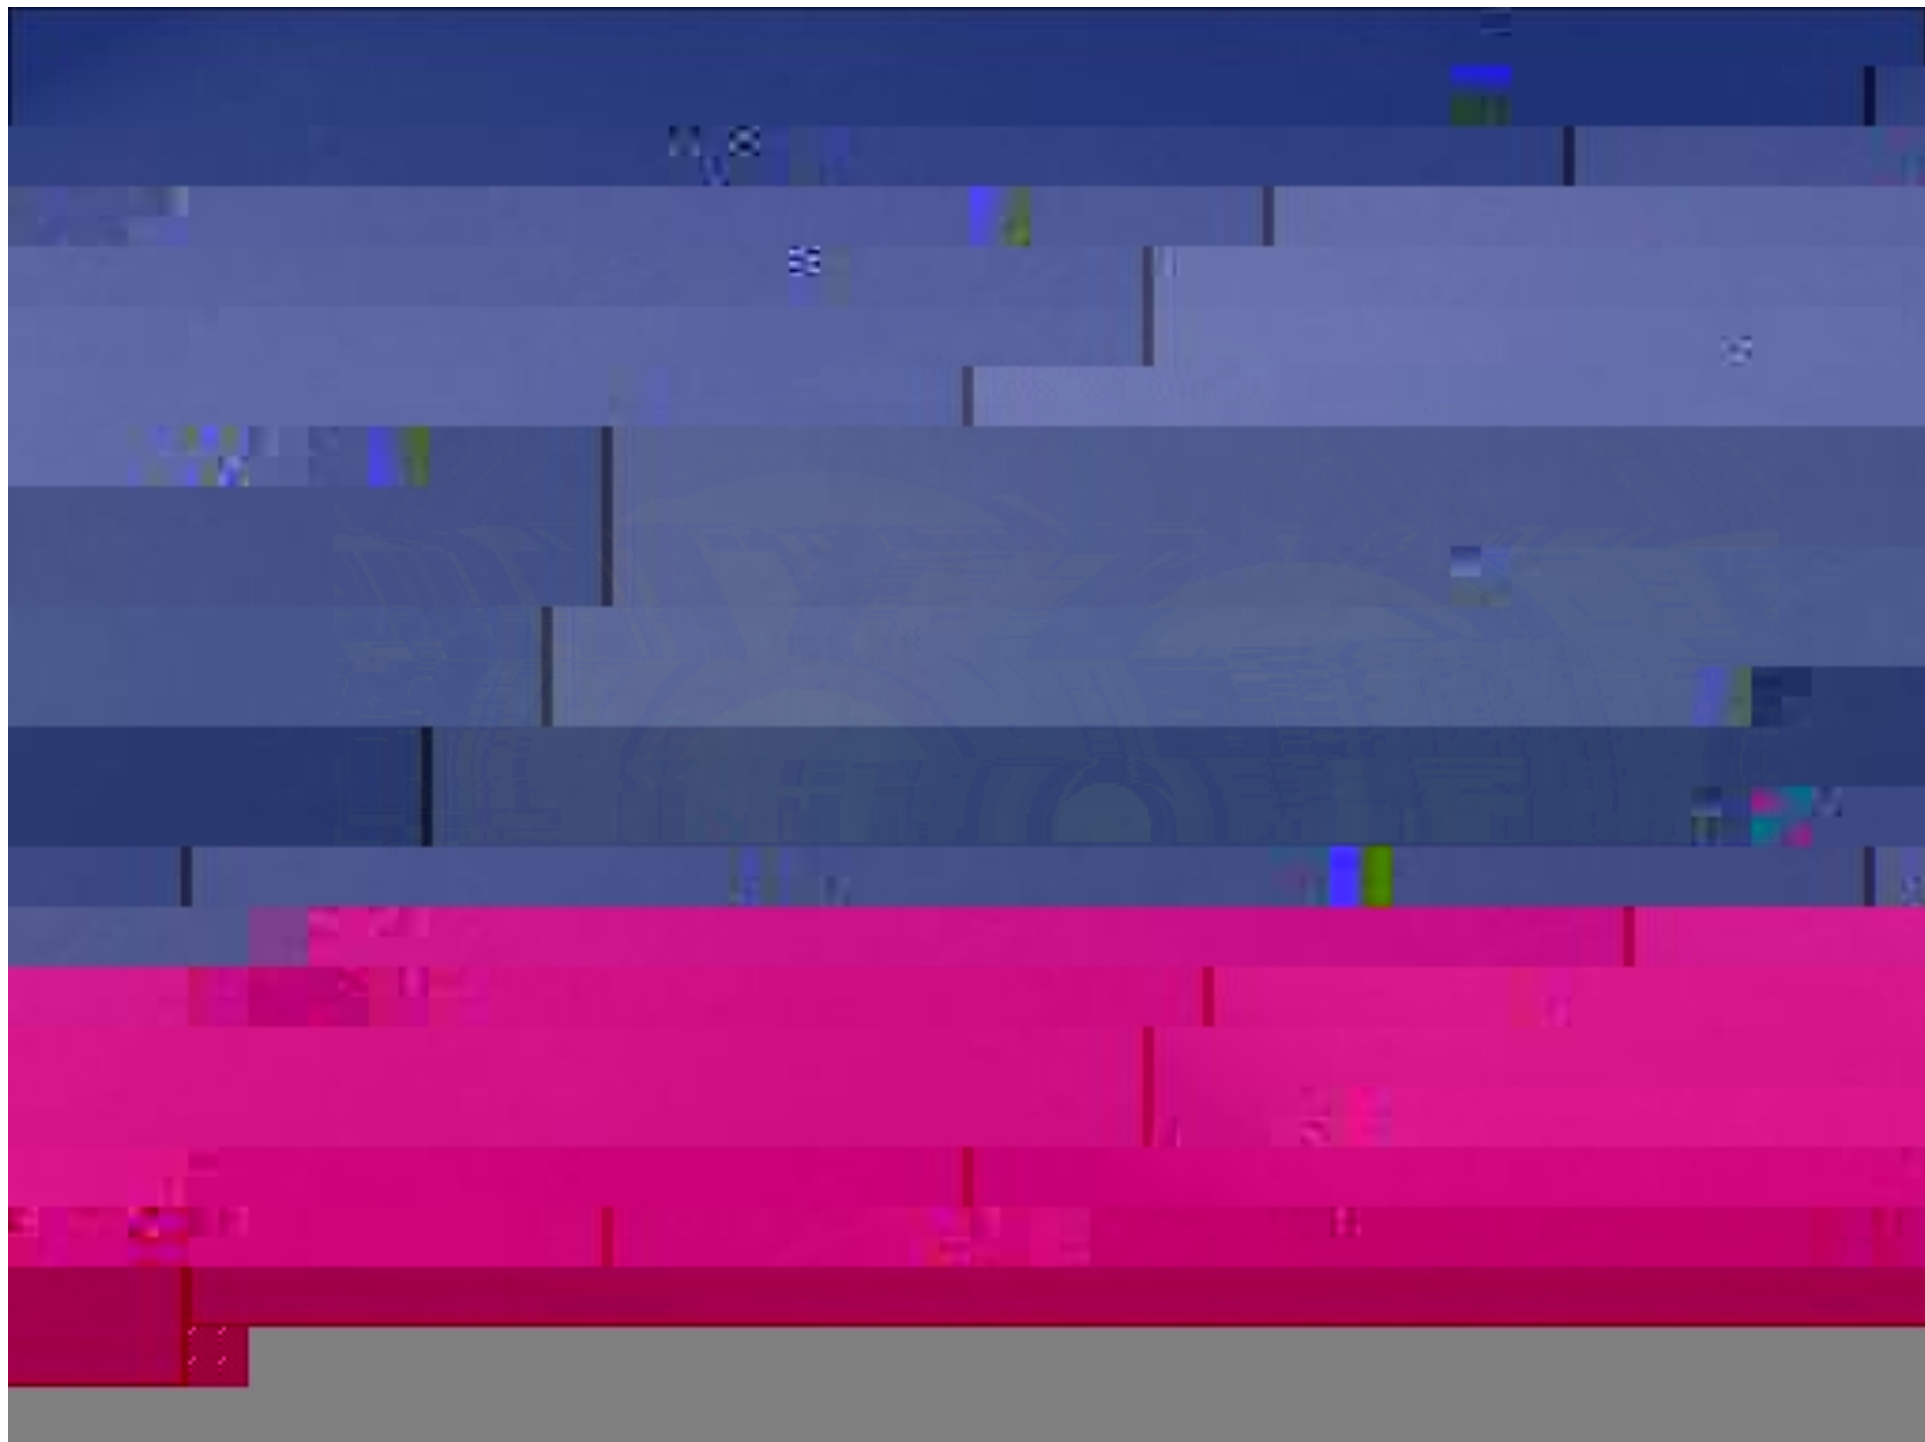

DOE says US still imports 37% in 2040

IEA says US still imports 16% by 2035

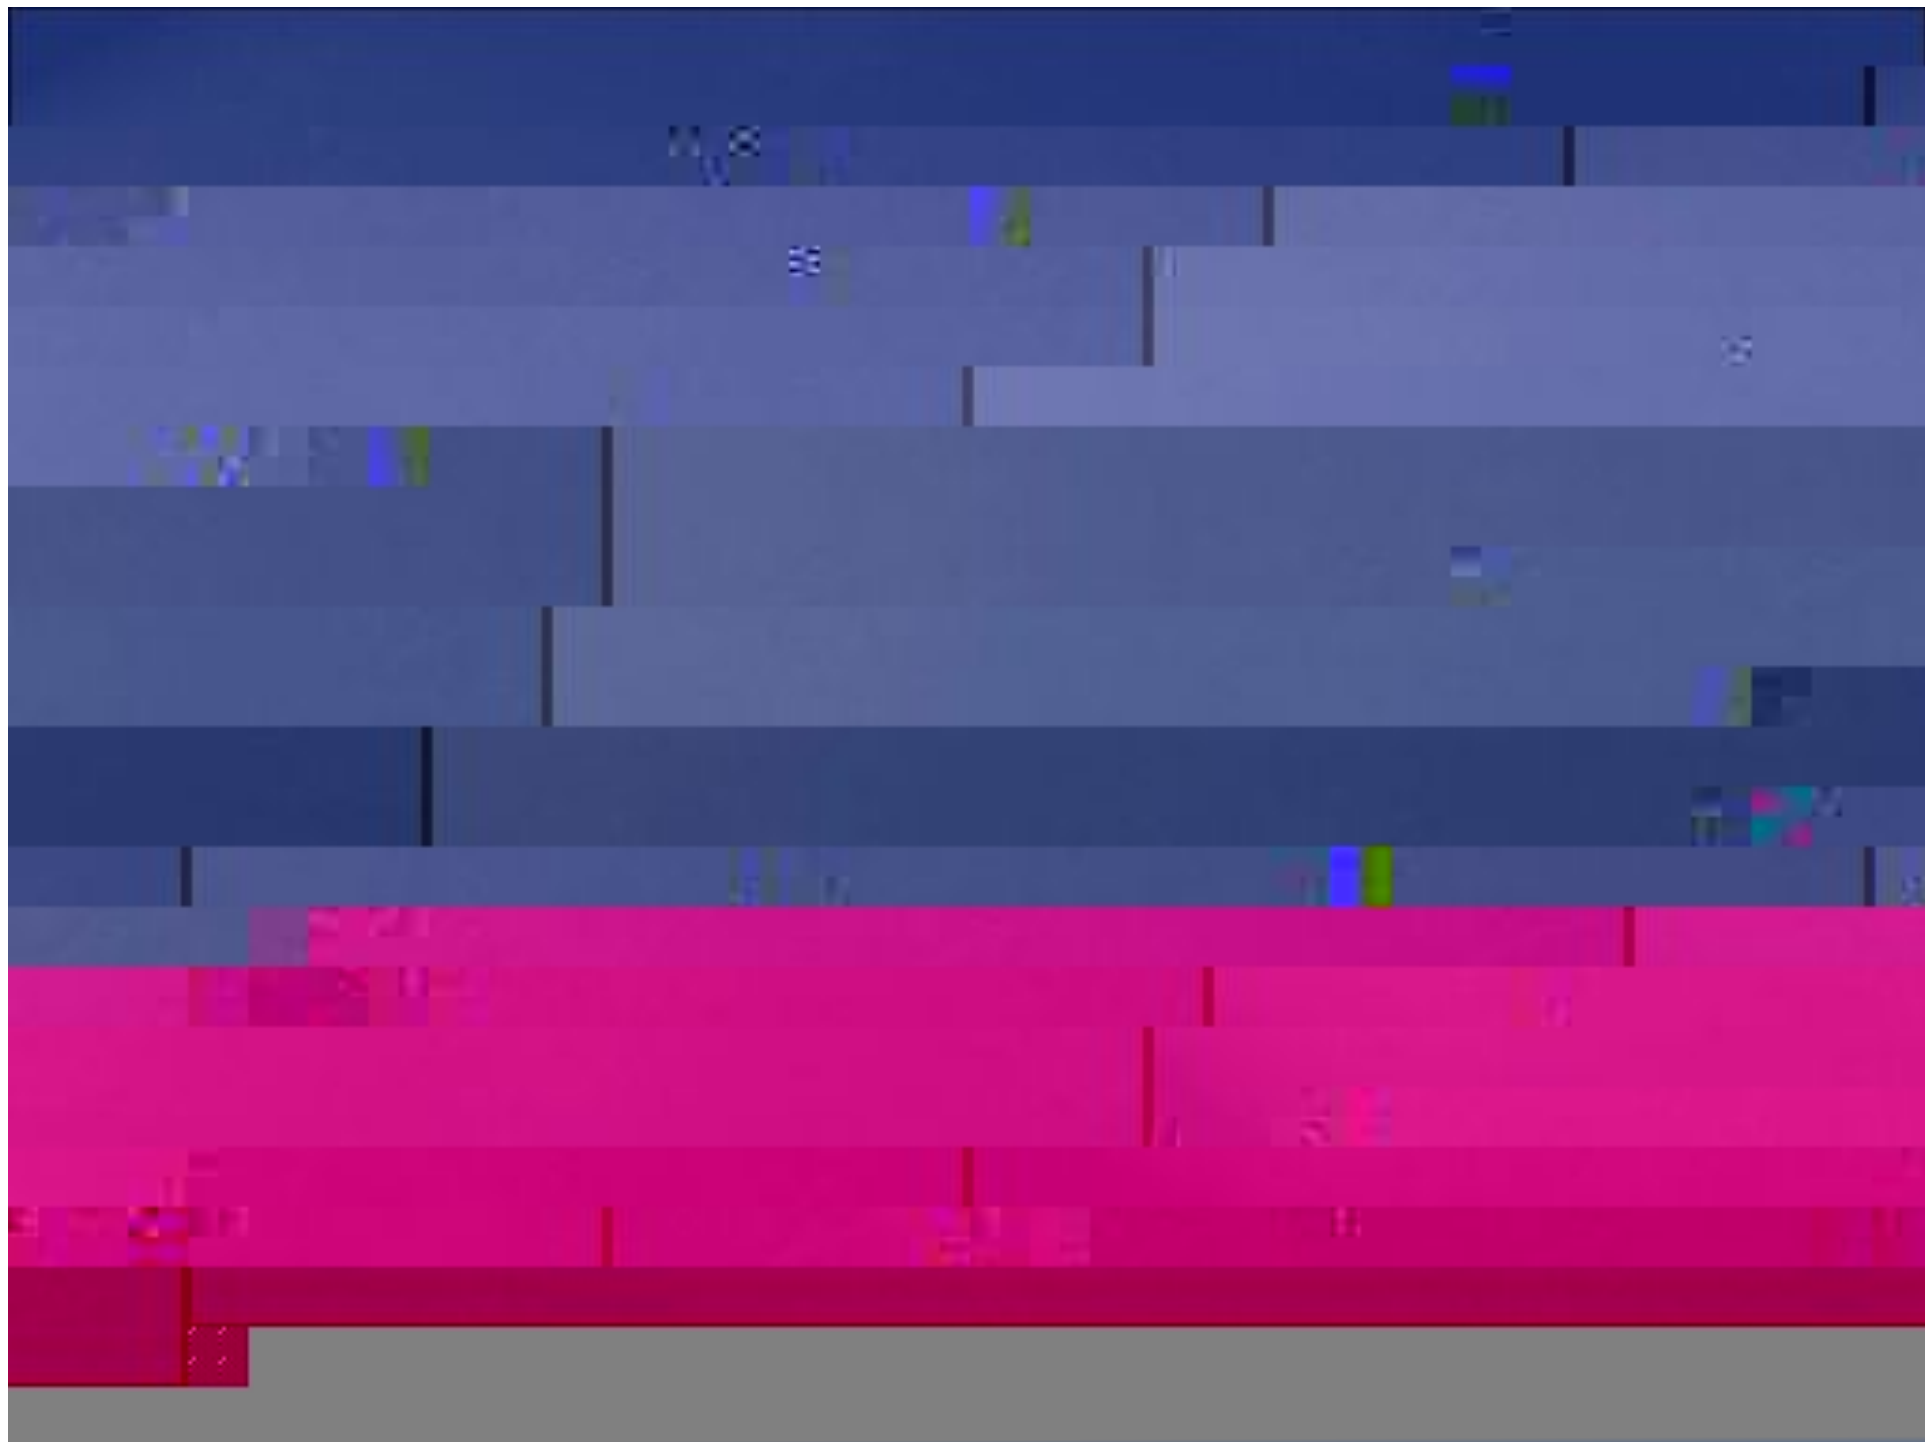

**BUT HOW
IMPORTANT IS**

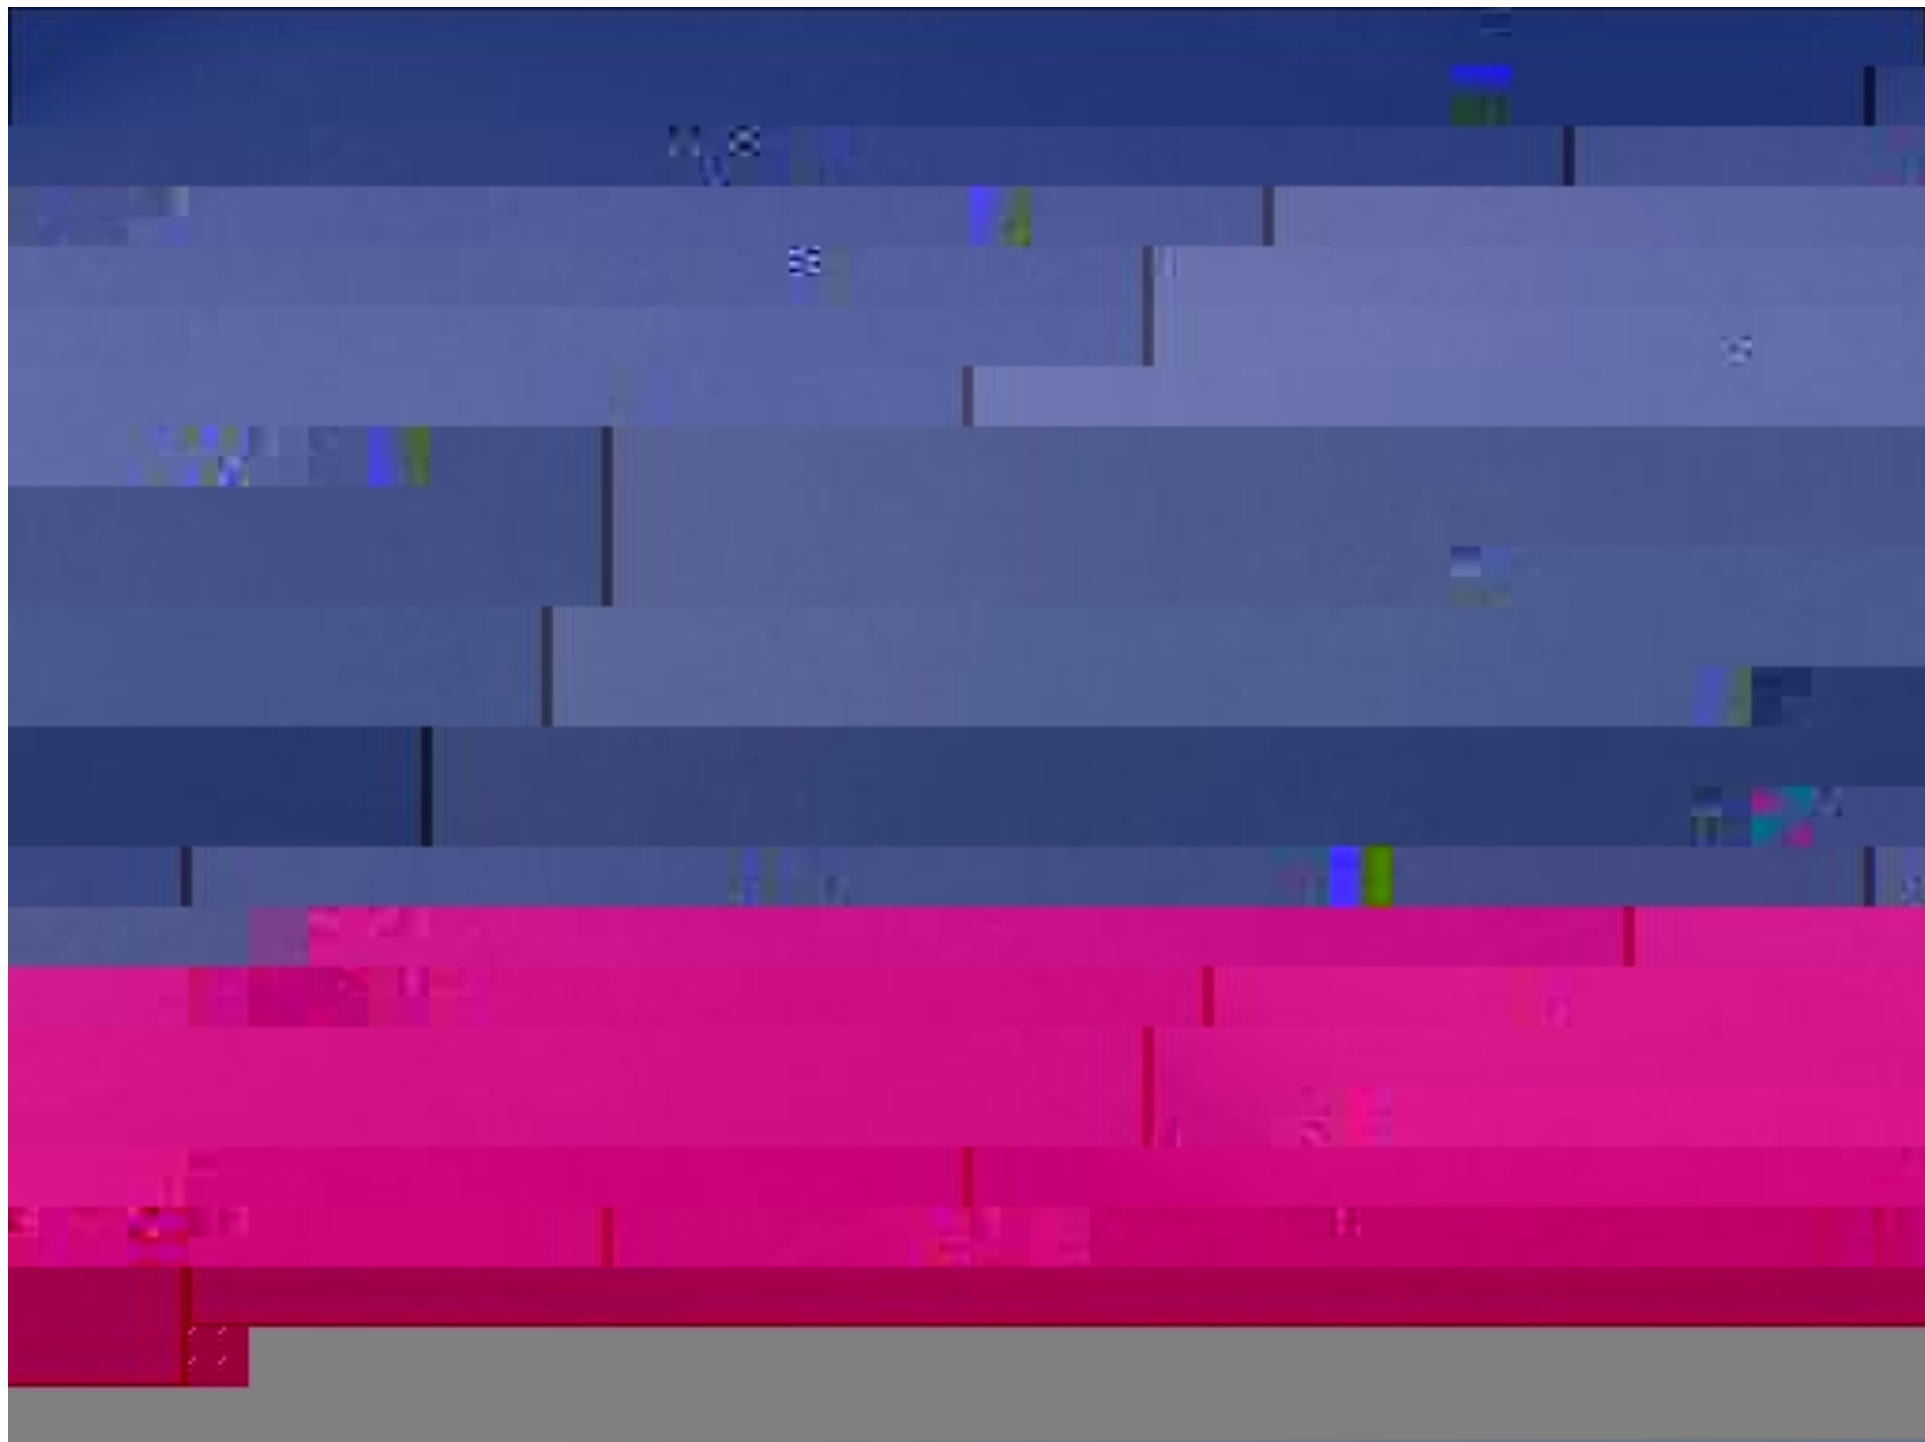

In 2005, 2,085 gigawatt hours per day

In 2012 , 3,358 gigawatt hours per day

This is a growth in Electricity

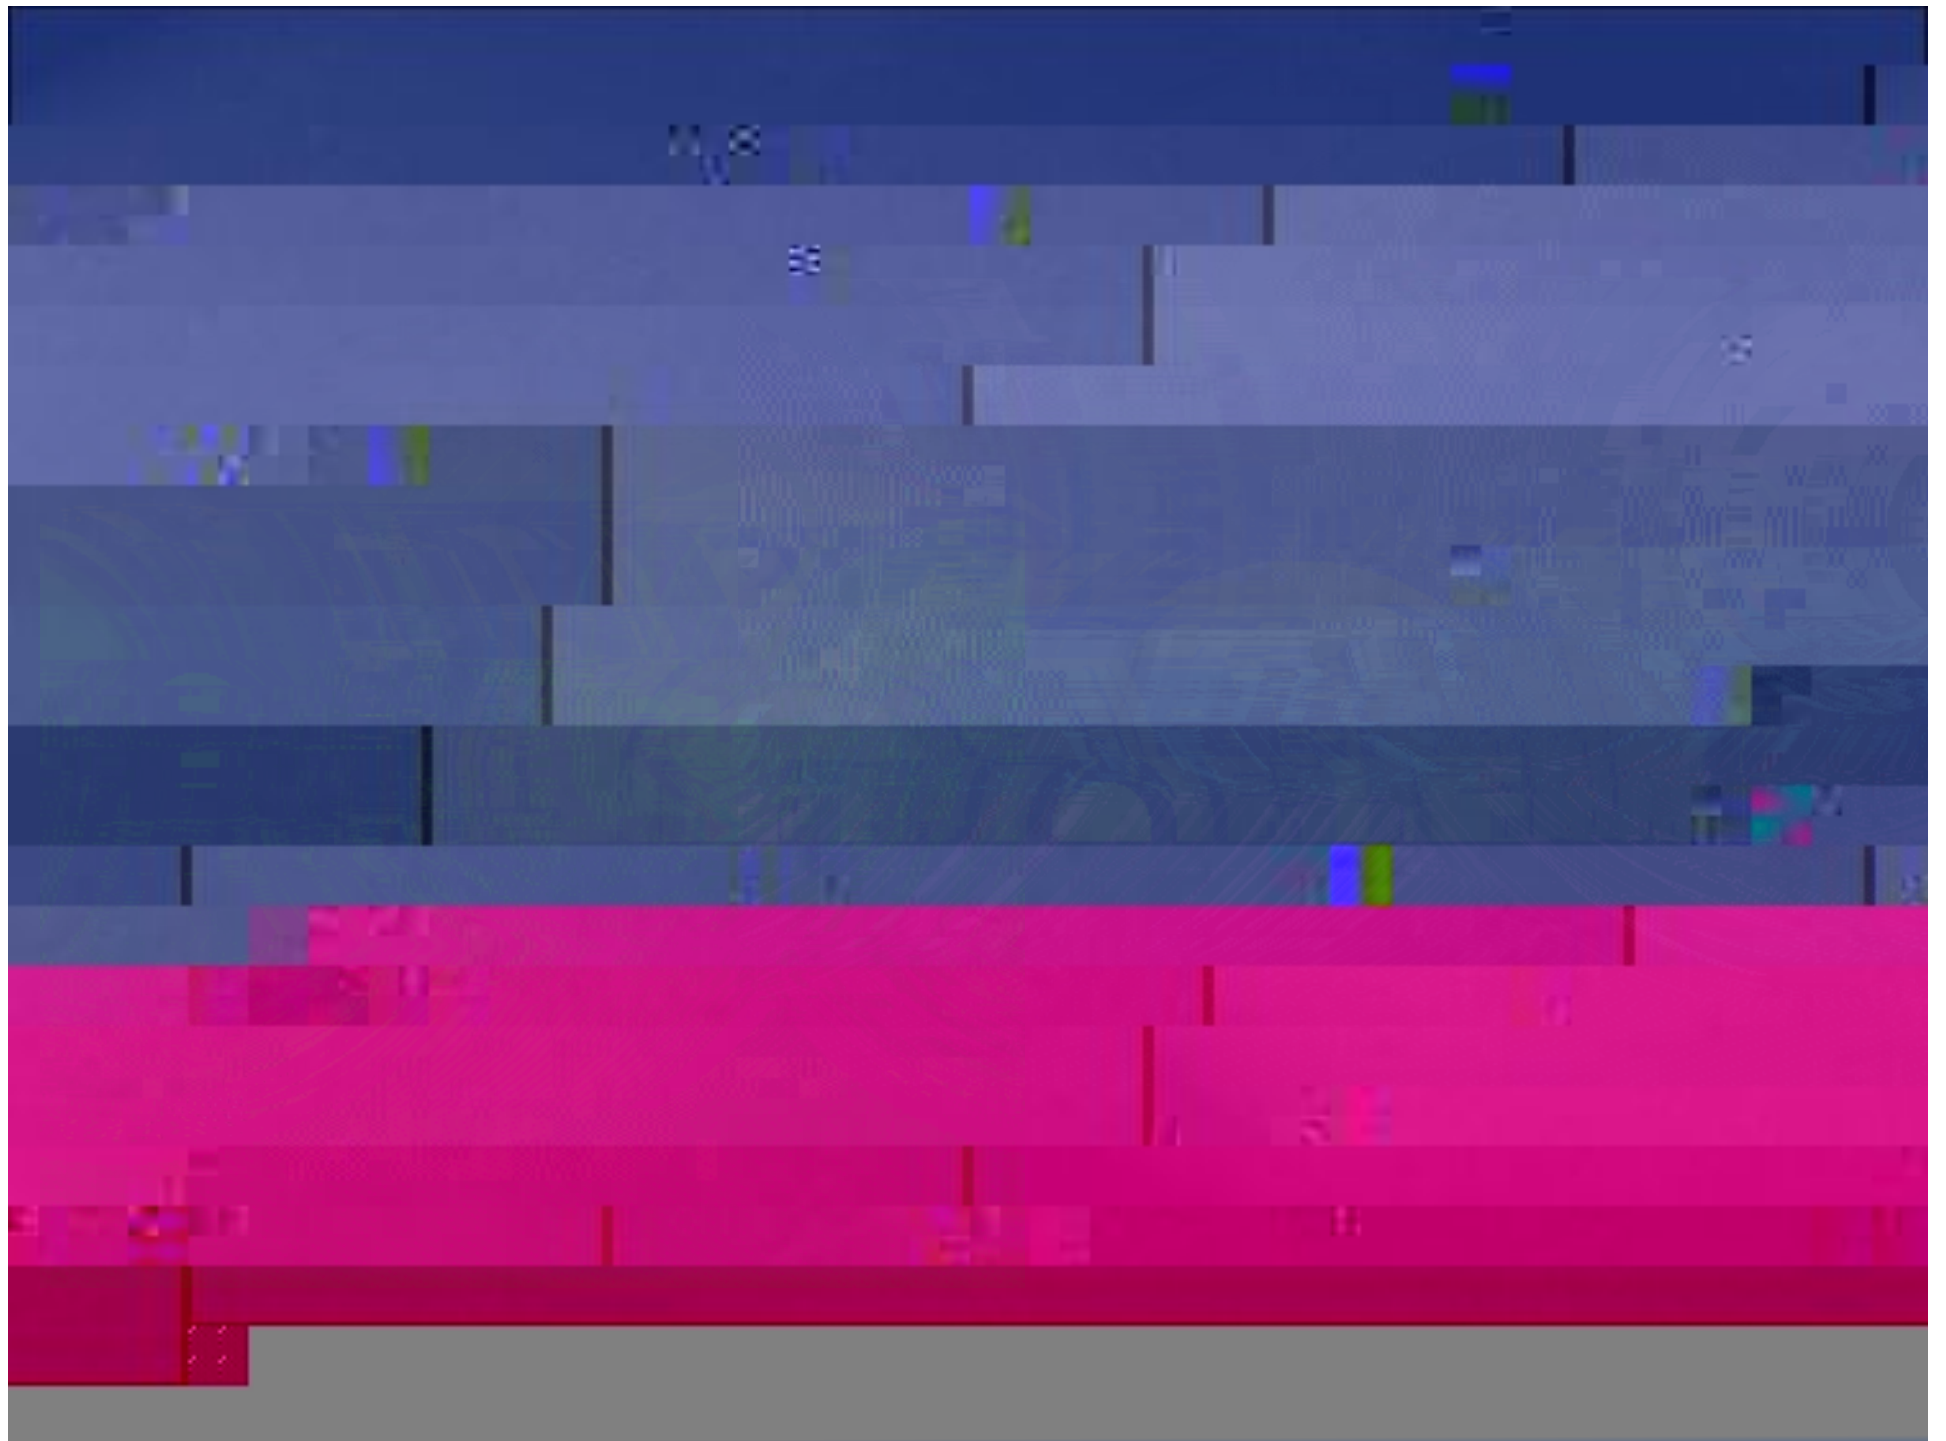

NATURAL GAS CONSUMPTION BY EXPORTATION

- U.S. natural gas exports
trillion cubic feet

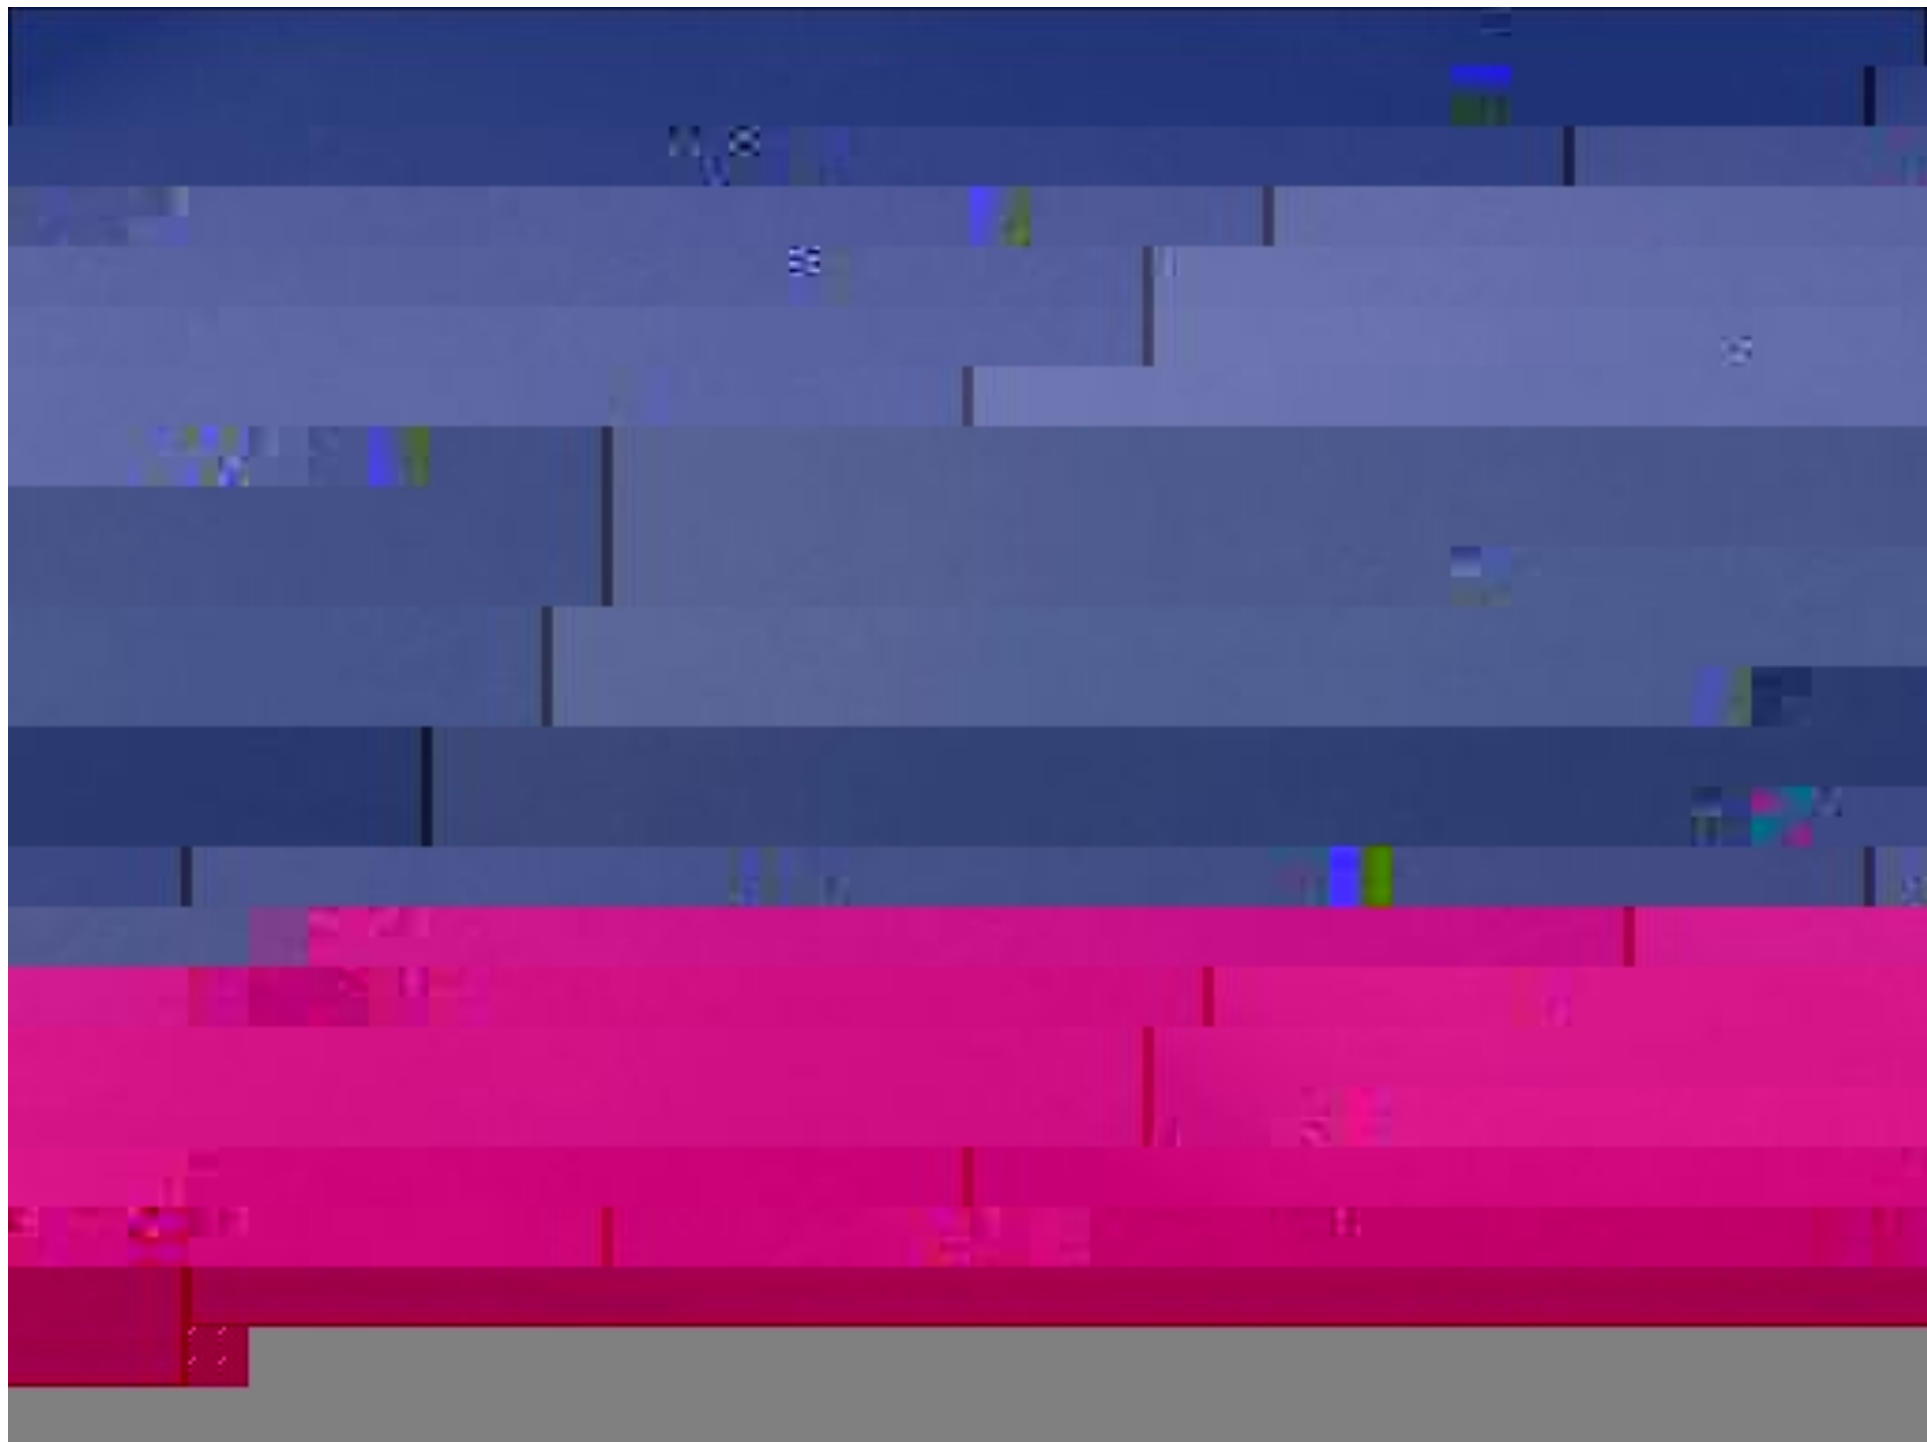

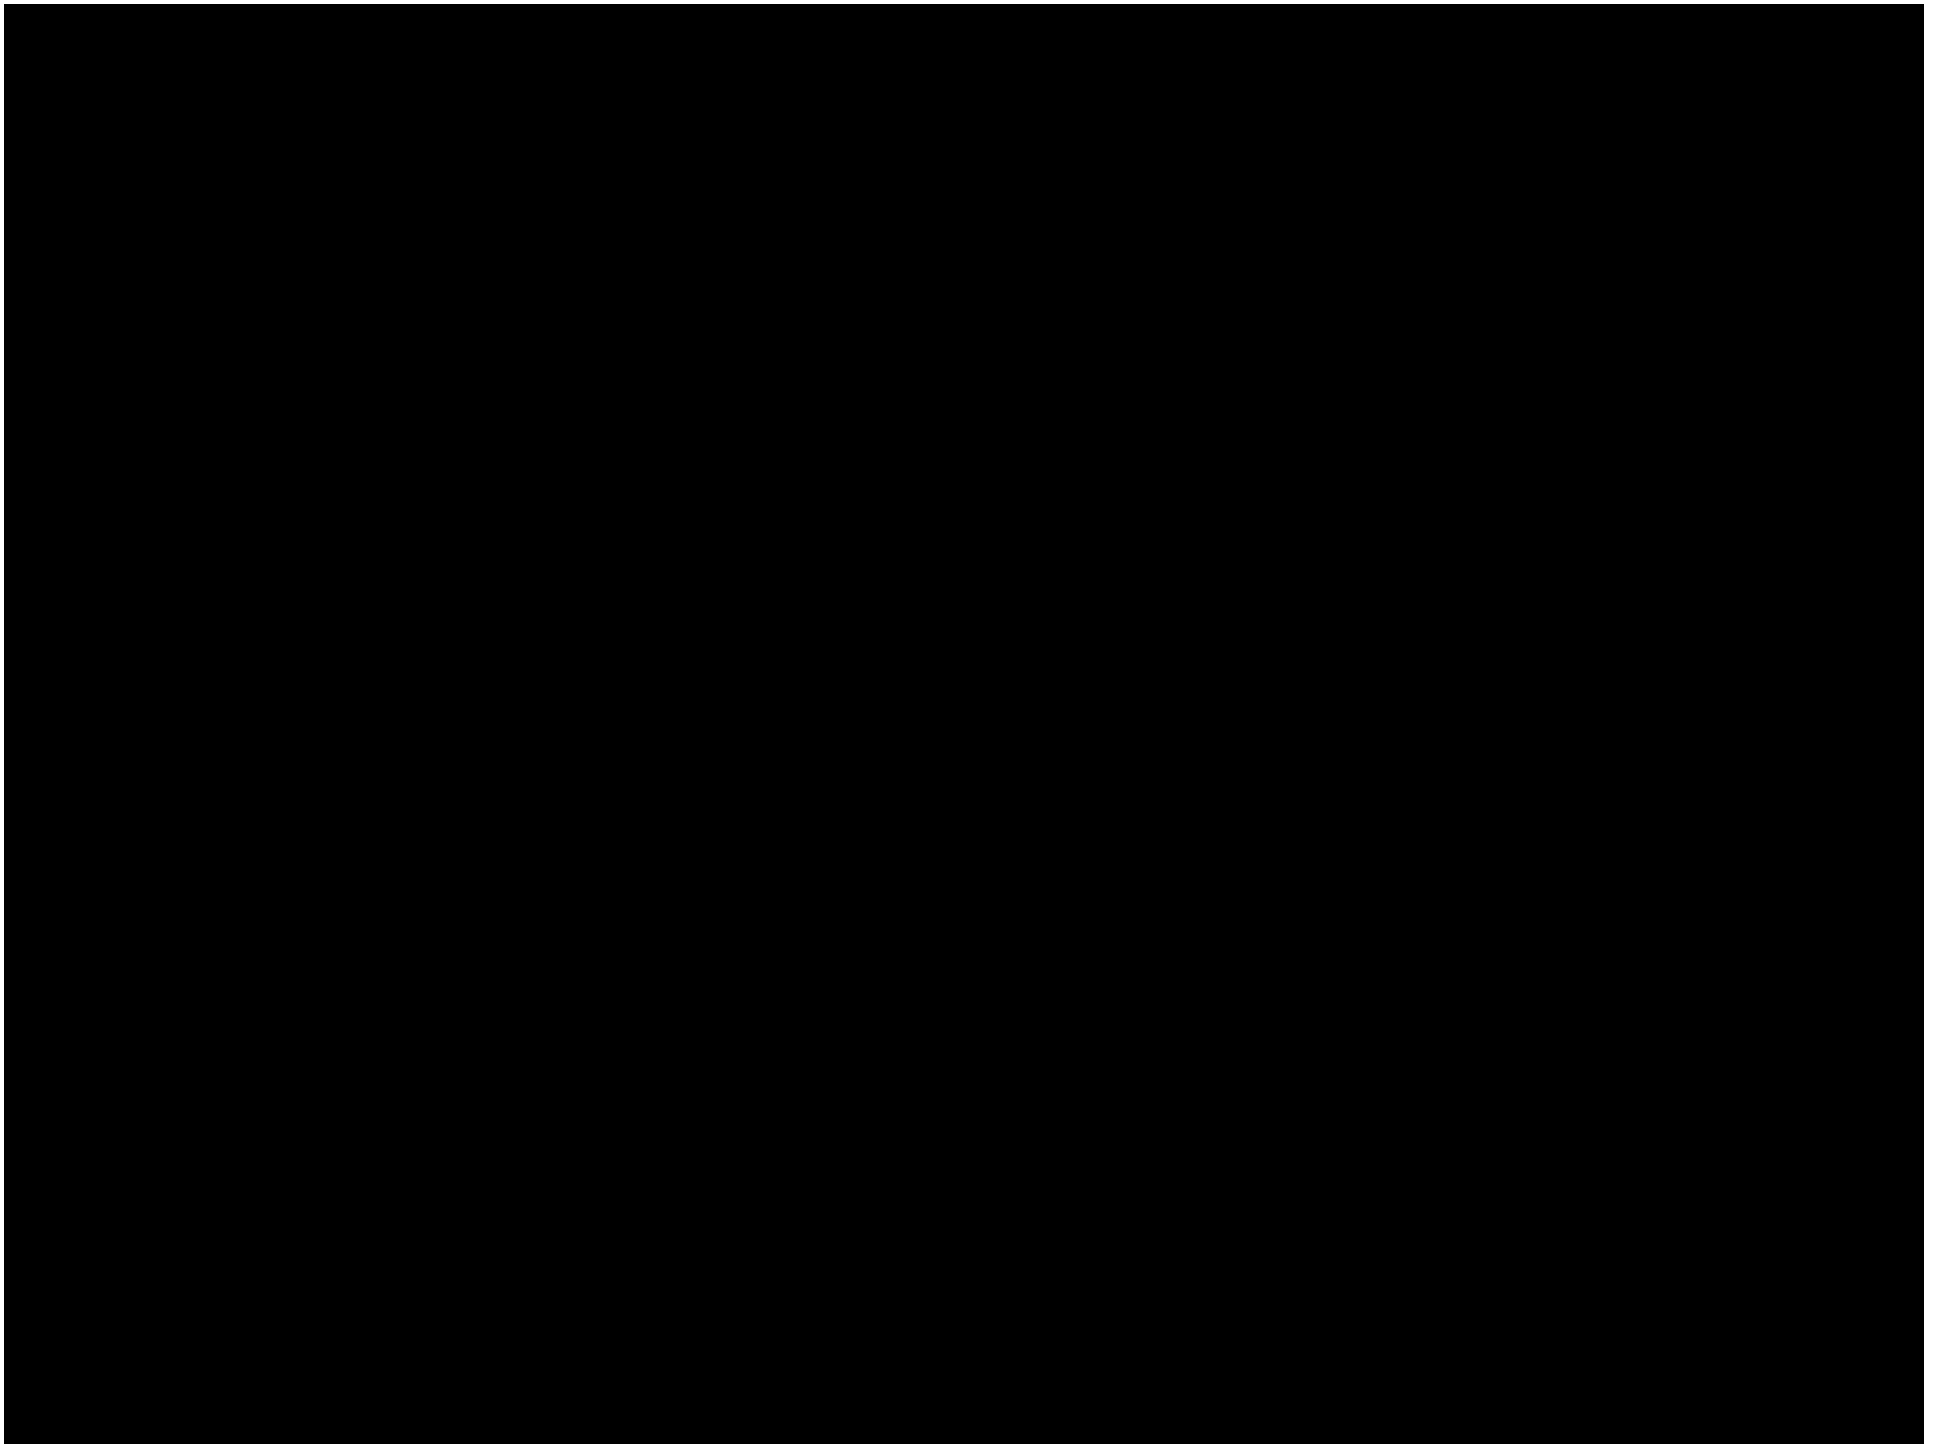

**NATURAL GAS WILL
NOT MAKE US
ENERGY**
