*“Navigating a World Impacted by War in Ukraine”*

**Virtual event hosted by Reno High School  
Tuesday May 24, 2022**

The 2022 Youth Security Forum is dedicated to providing students in Washoe County high schools with an opportunity to discuss the war in Ukraine with national and global security experts from the Schar School of Policy and Government at the George Mason University, NSF, and our partners at UNR and MSTs. Students from Government, History, and We The People classes will participate in interactive discussions about the history of Russia and Ukraine, risks of nuclear, biological, and chemical escalation, the role of China, the impact of the war on global food security, and money laundering tactics being used to avoid sanctions on Russia...and most important, what all this means to them now and in the future.
